Overview

Auction4Uk.com is a multi-vendor seller platform to sell or auction yauction4uk.com product live from auction4uk.com marketplace. Both seller and customer can register their account and start selling, buying and bidding instantly. As an entrepreneur the first obstacle a businessman faces is to make an ecommerce platform from where they can sell and manage their product live. Sometimes many ecommerce platforms do not usually have an auction module installed. So we decided to build such an extraordinary marketplace to sell and auction their product simultaneously.

Goals

1. Our goal is to provide a sophisticated and reliable marketplace for auction4uk.com users with an extensive amount of modern web technologies.
2. We hope within a very short amount of time auction4uk.com will be yauction4uk.com main platform to boost up yauction4uk.com business. Keep trusting us we will always be with you to fulfill yauction4uk.com dream.

Who is the seller?

In auction4uk.com a registered and verified seller can create their own shop and portal to sell their products live from online. Customers can buy their online shop via auction4uk.com payment gateways. A fixed amount 5% of each and every sale will be charged by auction4uk.com as the service charge of auction4uk.com platform.
